Deutscher	Agree	Agree	Agree	Agree	Agree	Agree	Agree
Hawkins	Agree	Agree	Disagree	Disagree	Disagree	Agree	Agree

Agree or Disagree

1. *The digital billboard ordinance adopted, but not implemented, by the previous city council should be reconsidered by the new city council, following the November election.*
2. *Strong sign control laws to protect scenic beauty and community character will lead to a more visibly pleasing and, therefore, economically successful community.*
3. *R1, the 2000 ballot initiative, approved by more than 32,000 people, was a vote to ban new billboard construction and new billboard permits in Reno.*
4. *Digital billboards are new construction, requiring new permits, and shouldn't be allowed in Reno.*
5. *Billboards, both traditional and digital, are a public nuisance and an eye sore that lead to clutter and blight.*
6. *Reno has too many billboards.*
7. *Scenic beauty is good for business.*
